2014 TRIP FEATURE INFORMATION

Family Weeks

Designed for Heli-Skiing parents and their children, parents are expected to ski with their kids, but when the kids get tired and return to the lodge, Mom and Dad can stay out to ski. Children 12 - 17 years pay 50% adult price + 50% vertical guarantee. If you have a child under 12 capable of Heli-Skiing, please call us to discuss. New Guest Credits and Group Organizer's Credits do not apply on child prices.

Helicopter Assisted Ski Touring

Ski Touring Trips for groups of up to 10 skiers are available throughout the winter at many of our amazing lodges. Transportation not included on Adamants touring trips.

K2 Demo Days

Join the K2 team and be among the first to demo K2's 2014-15 skis! The reward is a free pair of skis once they hit the shelves in the fall of 2014.

K2 Athlete Weeks

Join professional K2 high performance athletes who are actively skiing throughout the season around the world. In rare situations injury or other circumstance may prevent an athlete to appear, CMH and K2 will do our very best to substitute another prominent K2 athlete.

Next Generation

On these selected trips, if you have someone between 12-25 years who wants to join your trip, they heli-ski for 50% adult price + 50% vertical guarantee. Parents are expected to ski with their children between 12-19 years (19 is the legal age of majority in BC). New Guest Credits and Group Organizer's Credits do not apply on child prices.

Nostalgia Week

A CMH tradition! This trip is open to all levels of skiers. Join us for great stories, hearty laughs, a few inside jokes and of course, unparalleled spring skiing.

Women's Heli-Skiing

With all due respect to our friends with the XY chromosome, it is probably not a bad idea to forego the male presence while ripping powder. The mission of this trip is awesome skiing and lots of fun.

Pay As You Play

Your trip cost covers transportation, accommodation, meals and services, beyond that, you pay for what you choose to ski - as much or as little as you want, as conditions allow. With no guaranteed footage, you will ski at a rate of \$160/1,000 metres (3,280 vertical feet). Generally, there will be several chances to return to the lodge throughout the day when the helicopter refuels, but we cannot offer skiers the option to fly out after every run; otherwise it would interrupt the regular skiing program.

Powder 101 - The Intro

These trips are designed to introduce strong intermediate skiers to deep snow skiing and move them past the initial hurdles of skiing in wilderness terrain. This program is not for beginner skiers! You should be a newcomer to deep snow skiing and at least a strong intermediate skier. Powder 101 is also for those who would like to ski with maximum 10 guests and 2 guides.

Powder 101 - Girls' School

It's been our experience that when it comes to supporting and encouraging one another, a tight group of female adventurers is living, skiing proof that sisterhood is powerful. An ideal environment for learning is exactly what you'll find when you sign up for this women-only version of Powder 101.

Powder 203 - Intro to Skiing Big Trees

Conducted amidst the world's finest old growth cedar forest skiing terrain, you'll get hands-on instruction ranging from line selection to turning techniques that will have you slaying trees like Paul Bunyan.

Powder 401 - Steep Shots and Pillow Drops

For advanced skiers who want to maximize their terrain, from steeps, to big open lines, to glades, with the ability to trampoline from one snow mushroom to the next. If you want to learn how to get the most dynamic and fun skiing out of each run, this is the program for you. Helmets are mandatory.

Powder 405 - Freeride Camp

This trip is designed to get you onto exciting and interesting terrain features where you can let those dogs run! Embracing this new way of skiing, the guiding team at CMH Revelstoke will introduce you to techniques and tips that will allow you to capitalize on ski technology and increase your ability to safely move through terrain in unique, creative, and exciting new ways. Helmets are mandatory.

Powder 505 - The Steeps

Designed to take you into the most challenging terrain available, our goal is to keep you safe, while looking for the lines that will give you the best chance to develop your skills with expert coaching. Ski with 9 skiers/riders (split into 2 groups), 3 guides and a Bell 407 helicopter. Additional skiing above the guarantee is \$140/1,000 metres (3,280 vertical feet). Helmets are mandatory. In addition, a complimentary Avalanche Flotation Device is provided and compliance is considered a best practise.

Powder 707 - The Masters

Powder 707 is offered on selected trips at different areas throughout the season, with a maximum of 10 guests and 2 guides. The main goal of the Masters program is to maximize the enjoyment of skiing focusing on the quality rather than quantity of skiing.

Ski Fusion

This trip combines Heli-Skiing (4 days) and Ski Touring (3 days) with maximum 10 skiers and 2 guides. Your guides will assess the weather and conditions daily to decide which days will be touring or Heli-Skiing. Guaranteed vertical: 17,500 metres 57,000 vertical feet.

Small Group Program

Small groups mean quick lifts and opportunities to ski challenging lines. **Group capacity:**

Adamants: 6 groups of 5 skiers in 2 helicopters.

Monashees: Number of groups vary.

CMH K2: 3 groups of 5 skiers in 1 helicopter.

Revelstoke: 3 groups of 5 skiers in 1 helicopter.

Additional skiing above the guarantee is \$140/1,000 metres (3,280 vertical feet).

ADAMANTS

Travel 350 kilometres west of Banff and you'll find Adamant Lodge situated at the confluence of four major alpine valleys. It's named for the surrounding diamond-hard peaks, a sub-range of the Selkirks, where we do all our Adamants-based Heli-Skiing. The Selkirks are famed for long glaciers, deep valleys, and rugged vistas. Classic tree skiing and huge, open glacier terrain await Adamants skiers. The challenging access to these mountains ensures that our abundant terrain remains untouched by all but CMH guides and guests.

Our 30 guests are divided into a maximum of 6 groups of 5 skiers in two Bell 407 Helicopters. Small group skiing enables us to access more terrain and quicker pickups which means more skiing for you.

BOBBIE BURNS

Bobbie Burns offers some of the finest Heli-Skiing anywhere, with access to both the Purcell and Selkirk Mountains. The area hosts a rich selection of runs, both in the trees and in high, glaciated terrain. Skiing here is fast and challenging, suitable only for physically fit, well-experienced skiers who enjoy a faster pace.

Our 33 guests are divided into a **maximum of 3 groups of 11 skiers** in one Bell 212 Helicopter, allowing us to fly further afield for more time on the slopes. The area's valleys enfold several micro-climates, allowing us to find good skiing in virtually all conditions.

BUGABOOS

Historic significance and modern comforts come together in the Bugaboos. Under Hans Gmoser, CMH began Heli-Ski operations there in 1965, and it remains our most established area. Characterized by mighty granite spires, the Bugaboo Mountains offer immense variety in terrain, with plentiful ski runs both above and below tree line. Despite the draw of these world renowned mountains, Bugaboo Lodge remains the sole base for skiing among these majestic peaks and glaciers.

Our 44 guests are divided into 4 groups of 11 skiers plus 1 guide, in one Bell 212 Helicopter, except on specialty trips where capacity is indicated.

MONASHEES

The mature and naturally well-spaced forests lining the Monashee range are responsible for its reputation among CMH guests as a tree skiers' paradise. Along with some of the best tree skiing on earth, the Monashees is also admired for its long, consistently steep-pitched runs. The Monashees offers perhaps the most challenging skiing of any of our areas, and is suitable only for experienced skiers who normally ski in the fastest group in other CMH areas.

Our 44 guests are divided into 4 groups of 11 skiers plus 1 guide, in one Bell 212 Helicopter unless otherwise indicated.

REVELSTOKE

With access to both the Monashees and the Selkirks, Revelstoke is defined by deep snow, big, open alpine and glacier terrain, and tree skiing equal to the best of any other CMH area. Its great size and quick accessibility by vans and helicopters allow us to find good skiing even in inclement weather. Revelstoke differs from other CMH lodges in that accommodations are at the Regent Hotel, set in one of British Columbia's hottest new winter destinations.

In 2008, the newly expanded Revelstoke Mountain Resort opened – this once small-town ski area is now a world-class mountain resort, boasting over 5,500 vertical feet of skiing and an historical annual snowfall of 40 – 60 feet (that's 1200 – 1800 cm). CMH guests are guaranteed skiing, even on those rare days when the helicopter cannot fly.

Our 44 guests are divided into 4 groups of 11 skiers plus 1 guide, in one Bell 212 Helicopter unless otherwise indicated. Revelstoke also offers private trips for up to 4 skiers throughout the season.

Glossary/Terms

Calendar Year

January 1 through to December 31, including the summer Heli-Hiking season.

Heli-Ski Season

December 1 through to May 15.

Heli-Hiking Season

June 15 through to September 30.

New Booking

A completely new reservation (area or date) which is not associated to any existing booking.

Please Note

Once a CMH space is booked and money is credited to that booking, the money becomes fully non-refundable. When a guest cancels that booking all the money becomes fully non-refundable. At 10 weeks prior to your trip all money is non-refundable.

Those funds are deemed to be cancellation fees at the time of the cancellation. Those cancellation fees can be converted into a credit solely for skiing or hiking on another trip in the calendar year. That means that the money can be applied to a less expensive trip and used towards the price of the trip only.

Any unused credit can be used towards another space in the calendar year or it will be taken as cancellation fees. The credit can also be moved to a more expensive trip in the calendar year, and any difference in price will be paid by the guest.

The credit cannot be used for extra metres, shop, bar, massage or future deposits, nor can it be returned as cash. The credit can only be used for the person with the booking, but that person can assign the credit, in writing, to another skier who is making a new booking with CMH. The credit cannot be assigned to any existing booking.

If a date change is requested to a confirmed booking, a \$250.00 change fee will be charged. Not included in the change fee are room changes, changes to pre and post accommodations, trip additions, and space replacements who remain on the original trip.

2014 PRIVATE WEEKS

The Ultimate Ski Experience

If Heli-Skiing is the ultimate ski experience, Private Weeks are very likely the ultimate way to enjoy that experience. Private groups have exclusive use of a helicopter and two guides and tremendous flexibility in setting their own pace and choosing the amount of skiing they want to do.

When CMH first offered Private Weeks, we had no idea how popular they would become. But the chance to enjoy the world's greatest skiing (and snowboarding) in privacy and with maximum versatility has proven a huge winner. We accommodate private groups of four to ten skiers throughout the season at Gothics, Nomads, Valemount, Monashees, Revelstoke and Galena.

2014 PRIVATE WEEKS GOTHICS & NOMADS

Only CMH Heli-Skiing can offer private trips that span both the Selkirk and Monashee ranges, skis through three to six separate CMH Heli-Skiing areas and travels through seldom skied terrain. With exclusive use of the helicopter, you will experience freedom, exploration, exhilaration, fun and the original spirit of Heli-Skiing with experienced local guides from each area.

Gothics offers unlimited flexibility in terms of trip length and skiing terrain. Your group (maximum of 4 skiers) joins the other guests at the Gothics lodge, but you head for the hills in your own private helicopter and two guides. Here's the nomad part: you roam freely through the Gothics area and beyond, to access the adjoining Monashee and Adamant terrain. This vast expanse of mountains, encompassing three of our already sizeable operating areas, provides endless choices and even the possibility of runs never skied before! Transportation to Gothics is by private ground transfer from Kelowna. Transportation by helicopter may also be arranged at an additional cost. In the event that a Bell 407 is not available for the trip, CMH will substitute a 212 at no extra charge.

Nomads is the same style of program, but based at Halcyon Hot Springs Resort between Revelstoke and Nakusp. From very comfortable accommodations in private lakeside chalets, and with great dining and a beautiful spa, your private group finds the best snow by roaming the spectacular runs of our Galena, Kootenay and Revelstoke areas. Nomads operates with a Bell 212 (with up to 10 skiers). Transportation to Halcyon Hot Springs is by helicopter from Kelowna. Transportation by ground may also be arranged.

Additional skiing is charged according to the number of skiers in the booked group*.

2014 PRIVATE WEEKS VALEMOUNT

Valemount is nestled in the sublime valley from which it takes its name, just outside the little town of Valemount. We designed Valemount specifically for private groups of up to 10. Its beautiful design, fine amenities, and secluded location – away from town but easily accessible by road – make it one of CMH’s most coveted places.

We ski in the vast Cariboos, enjoying the range’s wide variety of terrain, from long, steep, exhilarating tree runs to wide-open glaciers. The lodge’s private groups enjoy the use of their own helicopter and two guides, allowing for a high degree of flexibility. Since our Valemount guides are highly experienced instructors, Valemount is ideal for Heli-Skiing oldtimers and first-time deep snow skiers alike.

Weather permitting, transportation from Calgary is by private chartered plane. If the weather is poor we fly to an alternate location or use ground transportation. Valemount is located 520 kilometres northwest of Calgary and flight time averages 75 minutes.

Valemount prices are based on a **guaranteed number of flying hours**. The hours we include for each week are based on the historical averages flown for those weeks. You can ski as much as you want within these hours and you will not be charged for the amount you ski.

Additional flying hours over the weekly guarantee will be charged at \$5,415/hour. Prices are in Canadian dollars and are subject to change. Taxes are not included.

2014 PRIVATE WEEKS MONASHEES

The Monashees is considered by many to be the most challenging skiing of any of our areas. It is suitable only for experienced CMH Heli-Skiers who normally ski in the fastest group in other CMH areas. Between 60 and 90 percent of Monashees skiing is in a mature, naturally well-spaced forest. Along with some of the best tree skiing on earth, the Monashees is also admired for its long, consistently steep-pitched runs. Private groups with a maximum of 4 skiers, their own private Bell 407 helicopter, and two guides are offered at the Monashee Lodge. These groups operate independently from the regular program.

Monashee Lodge is located on the shore of Revelstoke Lake, north of Mica Creek. Featuring all the CMH amenities complete with dining room, living room, fireplace, drying room, ski shop, indoor climbing wall, rooftop whirlpool and sauna.

Transportation to the Monashees is by charter bus from Calgary. Mica Creek is 560 kilometres west of Calgary and travelling time averages 7 hours. Transportation by private chartered plane may also be arranged at an additional cost, please contact our transportation department for information.

All 7-day trips include 40,000 vertical metres (131,000 vertical feet) of skiing guaranteed. Additional skiing is charged according to the number of skiers in the booked group*.

2014 PRIVATE WEEKS REVELSTOKE

With access to both the Monashees and the Selkirks, Revelstoke is defined by deep snow, big, open alpine and glacier terrain, and tree skiing equal to the best of any other CMH area. Private groups with a maximum of four skiers are also accommodated throughout the season at Revelstoke. These groups operate independently from our regular program, with their own private helicopter and two guides.

Revelstoke is one of British Columbia's oldest towns, and its history and charm are well preserved. We stay at the Regent Inn, in Revelstoke's historic centre. The Regent is a family-owned and operated hotel highly regarded for its excellent cuisine, fine accommodations, and friendly staff (and, just across the street, you'll find a handy health club). You have the opportunity to dine at your leisure, with a few friends, or as part of a larger group. DEPOSIT & CANCELLATION INFORMATION

CMH Heli-Skiing is the world's most comprehensive and spectacular wilderness skiing experience available to Heli-Skiers and Snowboarders worldwide.

1. The deposit for all private trips with 5 to 10 guests is \$50,000.00 and for private trips with 1 to 4 guests is \$15,000.00 All deposits are fully non-refundable without exception.
2. Deposits are transferable to another private week, if available, within the same season only. They cannot be transferred to another season, bookings in other areas for non-private weeks or to another private group booking as a credit to the final payment.
3. Final payments are non-refundable and are due 10 weeks prior to the trip. The deposit and cancellation policy for private group weeks is different from other CMH areas due to the following:
 - We must make significant commitments to our suppliers in order to operate a trip and we have a very limited number of weeks available for private groups.
 - We must ask for a significant commitment from those wishing to book a private week since we will have turned away others wanting the same week.

Galena, Gothics, Nomads, Monashees, and Revelstoke refund policy

Each 7 day private group is guaranteed 40,000 vertical metres (131,000 vertical feet) of skiing. With two or more groups the guarantee is 30,500 vertical metres (100,000 vertical feet). For shorter trips the guarantee is pro-rated by the number of days.

If, the group skis less than the guaranteed metres because of poor weather or mechanical breakdown, refunds will be given to each individual in the group on the basis of \$130 per 1,000 vertical metres of skiing when using a Bell 212 and \$170 per 1,000 vertical metres when using a Bell 407. If, for reasons of poor weather or mechanical breakdown, the group cannot fly and does not reach 30,000 vertical metres (22,000 metres with two or more groups) a further credit of \$1,000.00 will be given to each person in the group. The credit has no cash value but may be used for any booking with CMH during the next two seasons.

There is no refund if the guarantee is not reached because a skier chooses not to ski or is physically unable due to lack of fitness or ability.

Valemount refund policy

Valemount Lodge's guarantee is based on flying hours (see the Valemount page in the booklet). If the group flies less than the guaranteed hours because of poor weather or mechanical breakdown, refunds will be given to the group on the basis of \$5,630 per flying hour.

There is no refund if the guarantee is not reached because a skier chooses not to ski or is physically unable due to lack of fitness or ability.
